### **DETAILED ACTION**

1. This office action is issued in responds to applicant amendment filed July 25, 2007.
2. Claims 1- 20 were canceled. Claims 21-30 were amended. Claim 31 was added.
3. Claims 21-31 as renumbered 1-11 allowed.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the 37 CFR 1.131 was persuasive. Claims 21-31 are allowed.

Regarding independent claim 21, the prior art of record fails to disclose or suggest the claimed provision of: A method of purging statistical records from a database, the method of determining an amount of time needed to perform a purge procedure, access to the database being limited during the purge procedure; establishing an amount of temporary memory needed for storing new statistical records generated during the determined amount of time; calculating an amount of temporary memory available for storing new statistical records generated during the determined amount of time; and selectively executing a purge procedure based on comparison of the amount of available temporary memory with the established amount of needed temporary memory, in conjunction with the rest of the limitations is not taught or suggested, or rendered obvious over the prior art of record or that encountered in searching the invention

The dependent claims 22-31 being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

### **Comments**

**The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.**

**Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."**

As allowable subject matter has been indicated, Applicant's response must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CRF 1.111(b) and MPEP section 707.07(a).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
